Objective

Enthusiastic and proactive Computer Science student in the 4th semester, seeking an internship to apply academic knowledge in a real-world setting. Eager to learn and excited to contribute to a dynamic team environment.

Education

PES University

Bachelor of Computer Science | 2027

10th: 85% (CBSE)

12th: 83% (CBSE - PCMPE)

Skills

- **Technical Skills:** Python, HTML, Java, C, MongoDB
- **Soft Skills:** Teamwork, Communication, Leadership, Problem-Solving
- **Languages:** English, Hindi, Tamil, Kannada

Projects & Academic Work

Semester 1 - Random OTP Generator Using Python

- Developed a program that generates an OTP when a 10-digit number is entered.
- Implemented a GUI and used various Python modules.

Semester 3 - Child-Friendly Newsletter

- Created a platform that converts standard news articles into child-friendly versions with quizzes.
- Developed the front end of the website using HTML, Java, and integrated it with the backend using MongoDB.

Semester 4 - Smart Air Quality Monitoring System Using Arduino

- Ongoing project focused on real-time air quality monitoring using Arduino.

Extracurricular Activities & Leadership

Sports Achievements:

- Trained in speed skating for 14 years.
- Competed in 9 district championships and 6 South Zone championships.
- Winner of a Roller Ball Championship.
- Part of the inter-department football team.

Technical Team:

- Member of Team Haya, PES University's race team.
- Part of the Brakes and Suspension division.
- I contribute to the team by bleeding the brakes and ensuring optimal suspension tension for performance and safety.

Volunteering:

- Volunteered in college events such as Samarpana and Aatmatrisha.
- Working under the sponsorship domain, responsible for communicating with vendors and local businesses to set up stalls for the college fest.
